### Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

| Phase                            | Stage 1                                    | Stage 2                                                       | Stage 3                                                            |
|----------------------------------|--------------------------------------------|---------------------------------------------------------------|--------------------------------------------------------------------|
| <b>Actions</b>                   | Accesses the Smart Lender portal           | Uploads borrower information and verifies details             | Reviews prediction outcome and approves or rejects the application |
| <b>Touchpoints</b>               | Home/Login Screen                          | Loan application form                                         | Prediction Dashboard & Decision Panel                              |
| <b>Customer Thought</b>          | "I need a secure and simple way to begin." | "I should provide accurate information for reliable results." | "The prediction should help me make a fair lending decision."      |
| <b>Customer Feeling</b>          | Curious and ready                          | Careful and engaged                                           | Confident and satisfied                                            |
| <b>Process Ownership</b>         | Bank Credit Officer                        | Smart Lender System                                           | Bank Credit Officer                                                |
| <b>Improvement Opportunities</b> | Faster login with secure authentication    | Real-time field validation and automatic error detection      | Explain prediction with risk score and downloadable loan report    |
